Celebration Assembly Super Stars:

Oscar
Amber

Lilly
Archie

Elizabeth
Riley

Tyrell
Isabelle

Millie
Walter

Shaye
Isla

Kyle
Jamie

General Messages:

Harvest Festival: Thank you to everyone for their kind food donations which have now been passed to the charity.

Reading: The ability to read fluently is a key life skill which is only gained through practice. Sharing books with children, reading to them and listening to them read regularly is a great way for parents and carers to develop this vital skill. As a minimum, we do expect children to read to an adult three times each week.

Y6 Boys Football: Congratulations to the boys who played exceptionally well individually and as a team, winning their group and securing a place in the tournament in Hull next January. Well done.

Key stage 1 News

This week has been very busy in KS1. We had a wonderful Harvest celebration on Tuesday afternoon. Every class showcased a little something worked on in our R.E. lessons.

Year 1 hosted teachers from other Delta schools showing off our fabulous reading skills. We are trying very hard to use our phonics to help us decode words. We are also developing our understanding of what we are reading. Well done to everyone who is practising reading at home.

We are looking forward to the gymnastics competition next week. Which house team will win?

Reminder – bring your water bottle to school!

Foundation Stage News

We have had an exciting time taking part in our first Harvest Festival with the school. We enjoyed sharing the song we had learnt called 'Autumn Fairy' to the rest of Key Stage 1. We also shared our vegetable printed faces which we had great fun making.....although we are not sure we would always want a carrot for a nose!

We are looking forward to our 'Friendship' afternoon on Friday of this week and have been busy preparing many activities to share with our parents & carers. We hope they have a fun time!

Year 3 & 4 News

This week Key Stage 2 took part in the Harvest festival lead by the Rev. Anne McCormick. Year 3 & 4 did an amazing job presenting posters about food donation and food waste, singing songs, creating raps and reciting poems.

Well done to all of year 3 and 4 who have been putting the final preparations to their gym body management routines. We will be sharing the routines as part of a house competition next week, so good luck!

We are all proud of the year four children who are being excellent role models to the year 3 children, who are new to Key Stage 2 and the hard work and responsibilities it entails. So well done and keep it up.

Year 5 & 6 News

Years 5 and 6 have settled back into our classes well this week after a busy, exciting time last week.

Y5 have begun looking at calculations. We are also pushing the Y5 children to learn all their times tables so please help them by practising at home as these are very important.

Y6 have been taking tests this week, which will help their teachers to assess the individual help the children need to push them ready for their SATs.

We all took part in an excellent Harvest Festival on Tuesday, where each class performed or showed artwork.

Each class will also be making a whole class 'sea creature from trash' in DT to enter into a nationwide competition. Please can you send in suitable (clean) trash we could use? Watch Twitter for the animal your class will be making!

NO GLASS BOTTLES OR METAL WITH SHARP EDGES PLEASE.
