Celebration Assembly Super Stars:

Aaliyah
Neve

Lyla
Harry

Kye
Jason

Evie
Callum

Charlie
Lucas

Tahya
Kaila

Molly

Olivia

General Messages:

Absences from School: Headteachers are provided with clear guidance regarding the authorisation of absences and the expectation is that unauthorised absences must be challenged with a fixed penalty notice. In a newspaper this week the article quoted *"heads must only grant leave of absence in exceptional circumstances: Holidays are not classed as exceptional circumstances and this has been proven in law."*

Children in Need: Thank you to everyone for your support for our fundraising in school. You have raised an amazing £ Well done!

Key stage 1 News

What a great week in KS1 this week! We have been working hard in our theme – Moon Zoom! We have been naming the planets and creating our very own solar system! In maths we have continued to work on our skills of addition and subtraction and Year 2 have been using money. Maybe you could help us practise this at home? In English we have been working on our non-fiction skills looking at diaries. Year 1 are trying hard to remember to write in sentences and join their writing up. Please remember to bring in PE kits and name children's belongings.

Friday was the best day when we came in our PJs! Thank you for all your donations.

Foundation Stage News

We have enjoyed the story book, 'Laura's Star' this week. We thought about what it would be like if we had our own star and wrote about it. Some of us have written some amazing sentences!

We have made our own 'Space hats' using moon and star potato prints. We have also enjoyed the Space Station in our classroom and zooming off to the moon! 5, 4, 3, 2, 1.....Blast off!

We are looking forward to our event at 4.30pm on November 22nd and seeing the school in the dark! We look forward to seeing all the children with a grown-up then!

Year 3 & 4 News

We have had a great third week back at Wybers Wood. In Topic and science we are continuing to look at forces and magnets, well done those who have started on their magnet inspired homework. This week has produced some fantastic literacy work this week with year 3 and 4 writing a shared explanation text on how to play the game angry birds. This is all in preparation for writing our own independent explanation text on how to do something, but what will that be.....?

We have started rehearsals for the Christmas plays so I hope you enjoy singing these on the weekend, because all the teachers now have them stuck in our heads.

Finally, we have helped to raise money for Children in Need and wore our odd socks for anti-bullying week. We are very proud to say year 3 and 4 are all very RESPECTFUL.

Year 5 & 6 news

What an exciting week! The children have been using their imaginations to the full, beavering away at their setting descriptions, and have produced some truly superb writing.

Elsewhere in the curriculum, your children are rapidly becoming reservoirs of knowledge about volcanoes: how they erupt; what all the different parts are called; and where the most dangerous volcanoes are in the world. Please ask them about them!

Most importantly, anti-bullying has been a priority this week. Your children have discussed conflict and bullying, and the differences between the two. They have learnt what a bystander is, and how not to be one. Great work this week, Year 5 and 6! Well done!
